This year's yearbook was brought to you by the 1987 JOURNALISM CLASS. A special thanks to our advisor, Mrs. Maxson.

Summing up the year . . .

September. School started with a bang and the seventh graders found that junior high isn't that bad.

October. Fall began to come, and the Halloween dance got everyone in the mood.

November. People came back with round stomachs after the Thanksgiving holiday, and everyone got excited for Christmas.

December. Winter is here in southern California (I don't really think you could call it winter), and everyone is "happy" to be back at school after a holiday vacation.

January. Hooray! It's 1987.

February. Everyone rushed to the mountains for it was their last chance. Spring was coming!

March. We all have Spring Fever, and "pinches" keep us awake.

April. Spring definitely is here and everyone survived spring break.

May. Everyone is getting excited for summer.

June. The eighth graders graduate with smiles and seventh graders get ready for another year at La Paz.

We hope that this year was a good one for you.
